Funding Sought for Grant Notley Memorial Chair

A fund raising drive is under way to establish the Grant Notley Memorial Chair, named in honor of the late NDP Leader who was an alumnus of the University. The announcement was made by President Myer Horowitz at a news conference Friday, 14 December.

In making the announcement Dr. Horowitz stated that he has been in contact with more than 30 MLAs who have expressed their support for the Chair, and that he has already received donations from numerous individuals. The President also mentioned that the provincial government is in full support of the Chair and has promised to match the money raised.

Mrs. Sandra Notley responded to the announcement by saying that she and her family are "extremely impressed with the way the University is honoring Grant. I know he would feel that this is the right way to continue his work, for knowledge is most valuable in educating the public."

The GFC Academic Development Committee gave approval in principle to the proposal for the Chair under the conditions that a fund raising drive be launched to provide necessary financing and that the Chair be fully endowed and not involve any claim on the regular on-going budget of the University.

The holder of the Chair will be involved in teaching, research and scholarly activities and the Chair will be non-partisan, covering the broad spectrum of Alberta politics and history. Although the initial impetus for the establishment of the Chair came from the Department of Political Science, the studies will not be confined to that discipline. It will be rotated among departments and disciplines and, depending upon the particular interests and expertise of a given candidate, could, for example, be filled by a historian with a strong interest in the political history of Alberta, or by an economist with expertise in the province's political history.

The proposed Chair is to be rotating in nature, meaning the position would be held by one individual for perhaps five to ten years. Soliciting for candidates will be done by individual departments and proposals will then be presented to a selection committee. It has been suggested that the appointee be a senior person, preferably at the peak of her/his career and part of the selection process would include what she/he proposes to do for the University and community.

Approximately \$600,000 will have to be raised and subsequently matched by the provincial government if the Chair is to become a reality. The Alberta Union of Provincial Employees has already pledged to raise \$50,000.

An ad hoc committee, consisting of faculty members F. C. Engelmann, S.H. Arnold, R.C. Macleod, J.C. Russell, and A.A. Warrack, NDP member W. Dryden, and A. Holender (Fund Development), spearheaded the drive for the establishment of the Chair. In its presentation to ADC, the committee stated, "This Chair is meant to honor an illustrious Albertan. It is our hope that it will bring illustrious scholars to the University of Alberta."

A native of Didsbury, Alberta, Grant Notley graduated from our University in 1960 with a bachelor's degree. While on campus, he was heavily involved in student politics, particularly the mock parliament which included such individuals as former Prime Minister Joe Clark, Liberal James Coumts and former Social Credit Cabinet Minister Raymond Speaker. Shortly after graduating, he

became involved in provincial politics as the NDP's provincial secretary. Mr. Notley was named leader of the Alberta NDP in 1968 and was first elected to the Legislature in 1971 as MLA for the Spirit River-Fairview constituency. He was returned to office in 1975, 1979 and 1982. He was killed in a plane crash on 19 October.

Anyone wishing to support the establishment of the Grant Notley Memorial Chair is asked to send their tax deductible donation to: The Grant Notley Memorial Chair, Fund Development Office, 450 Athabasca Hall, University of Alberta, Edmonton, T6G 2E8. Telephone: 432-4418. □

British Agriculturalist to Speak

Jeff E. Owen, Department of Agriculture and Horticulture, University of Reading, U.K., will be the guest of the Faculty of Agriculture and Forestry in early January.

On Monday, 7 January, Dr. Owen will speak on "Control of Agricultural Environments: A European Perspective." This public address will give a review of current trends and practice in control of animal, plant and storage

environments in Britain and Europe.

"Microelectronics in Animal Housing" will be addressed on Thursday, 10 January. Dr. Owen will discuss the application of modern electronic devices to monitoring and control tasks in confined animal production units.

Both seminars will take place at 4 p.m. in 1-30 Agriculture and Forestry Centre. □

Shastri Indo-Canadian Institute Sponsoring Exhibition on Nehru

The University of Alberta Steering Committee of the Shastri Indo-Canadian Institute in cooperation with the Indian Students' Association and the Council of India Societies is sponsoring a photographic exhibition on the life and work of Jawahar Lal Nehru (1889-1964), the first Prime Minister of India. The exhibition was assembled in India and is currently on its North American tour. It will be at this University from 2 to 18 January. The photographic exhibition will be displayed in the Galleria of Rutherford Library, with the able assistance of personnel from Rutherford Library and University Collections. The exhibition can be viewed during the following hours: Monday to Thursday, 7:45 a.m. to midnight; Friday, 7:45 a.m. to 9 p.m.; Saturday, 10 a.m. to 7

p.m.; Sunday, noon to midnight.

A small collection of books on Nehru will be displayed in Rutherford Library and a film on his life and work will be screened in the Tory Building and other locations on campus by various groups. Individuals and groups are invited to visit the exhibition and to view the film.

The Institute has organized a student essay contest on Nehru. Additionally, it is sponsoring a lecture tour of Canada by the Indian scholar and Nehru historian, S. Gopal. (Dr. Gopal will visit the University of Alberta in February and March.) Financial support for the showing of the exhibition in Canada as well as for Dr. Gopal's visit is being provided by the Canadian International Development Agency.

The Shastri Indo-Canadian Institute was established with the joint announcements of the Government of Canada and the Government of India in 1968. It is a consortium of 15 Canadian universities and the National Library of Canada. In India the Institute is represented by a Canadian Resident Director and it operates in cooperation with the University Grants Commission and the Ministry of Education and Culture.

The purpose of the Institute is to promote mutual understanding between the two countries. The main programs include junior and senior research fellowships, summer student programs, performing arts fellowships, mutual exchange of scholars, promotion of Canadian studies in India

and of Indian studies in Canada, conferences and workshops and exchange of literature and library materials. The major concerns, up to this point, have been in the areas of humanities and soil sciences.

The University of Alberta has been a member of the Shastri Indo-Canadian Institute for about seven years and its staff and students thus participate in various Shastri programs. The local program is managed by a steering committee under the jurisdiction of the Dean of Arts.

In addition to academic programs, the local steering committee, with the support of Alberta Culture, is in the process of organizing a "Music of India" evening in mid-March. □

Campus Reviews

As part of the process of carrying out systematic reviews under the guidance of the President's Advisory Committee on Campus Reviews (PACCR), the Department of Oral Biology is completing the self-study phase of the review process. The other major phase of the process is the site visit and assessment by the Unit Review Committee. In preparation for this second phase, PACCR invites written comment prior to 21 January 1985.

Submissions are for the use of the Unit Review Committee and will be held in confidence by the members of that committee. Submissions should be sent to: Mrs. L. Pearson, PACCR Office, W4-13 Chemistry Building, Attention: The Oral Biology Unit Review Committee.

Physical Fitness Study

Graduate student Bob Haennel, who is conducting a physical fitness study, is looking for male volunteers 30 to 60 years of age who are interested in participating in a three-month exercise program designed to improve fitness levels through the use of hydraulic resistance equipment.

The program involves exercising three times a week for 30 minutes per day. Cardiovascular fitness as well as muscular strength and endurance levels will be assessed before, during and after the training program. As it is a research project, there is no fee.

Mr. Haennel can be reached at 432-4435 during business hours or 475-5516 after 9 p.m.

Ethiopia crisis fund

You will, by now, be very aware of the human tragedy which is unfolding for Ethiopia's drought victims, and know that many Canadians are responding to urgent calls for famine relief.

Ethiopia is one of the five worst hit countries in Africa's most devastating drought in years. It is reported in the press that 900,000 will die in the calendar year of 1984, and it is estimated that over seven million lives are threatened by famine.

In the time it takes you to read this, dozens of people will already have died.

This is no exaggeration. We are facing a human catastrophe of epic proportions.

Your help is needed NOW.
